WHAT IS THIS PROGRAM ABOUT?

The Community Initiatives and Affected Areas Programs (CIP/AAP) are intended to be flexible and incorporate community-based funding decisions. The programs support local projects that provide additional value to Basin communities and that benefit the broad community and public good. Program funds are distributed annually to the Trust's local government partners: the Regional Districts of East Kootenay, Central Kootenay and Kootenay Boundary, the City of Revelstoke, Town of Golden, Village of Valemount, and to our Indigenous partners: ʔaq'am, ʔakisq'nuk, Lower Kootenay (Yaqaṇ nuʔkiy), Tobacco Plains Indian Band (ʔakink'umtasnuqʔit) and the Shuswap Indian Band.

The 2020/2021 granting allocation for the Town of Golden and Columbia Shuswap Regional District (CSRD) Area A is \$309,283.47, plus any carry-forward funds from 2019.

WHO CAN APPLY?

Eligible applicants include registered organizations that are not-for-profit, first nations, registered schools, and local government. Program funds are for meeting community/public needs rather than private needs. Any private sector proposal that comes forward must be sponsored by an eligible organization and must clearly demonstrate community benefits. If sponsored, the proposal and financial report must be submitted by the eligible organization on behalf of the sponsored group.

Accepted project proposals must benefit the Town of Golden and CSRD Area A.

An organization with an **outstanding or incomplete Project Financial Report** from a previous year is **not eligible** to submit a proposal until the outstanding or incomplete Project Financial Report is submitted (unless an extension for the project has been granted).

WHEN IS THE APPLICATION DEADLINE?

The deadline for submission of applications via the online application is **NOON** local time, **Monday February 3, 2020**.

Late applications will not be accepted.

PROJECT CRITERIA:

Accepted project proposals must benefit the Town of Golden and/or Columbia Shuswap Regional District Area A.

The Community Funds Local Selection Committee (CFLSC) will use the [2017 Golden & Area A's Vital Signs Report](#) for guidance. It is strongly suggested that grant applicants review this Report and ensure that their project and application addresses improvements in one or more issue areas.

The Columbia Basin Trust Act requires that Trust funding not relieve any level of government of its normal obligations. Program funds should not be used to fund basic infrastructure activities that are normally funded through the government tax base such as roads, sewers, municipal water systems and fire protection.

Applicants are encouraged to seek funding from other sources to assist with their projects and not to rely solely on Columbia Basin Trust funding.

WHAT TYPES OF PROJECTS / COSTS ARE NOT ELIGIBLE?

Funds received under this Program can only be used to pay for expenses incurred between contract signing March 30, 2020 and January 4, 2021. Retroactive costs (**costs that have been incurred prior to funding approval in March 2020**) are not eligible.

For very large projects, it is recommended that if the work can be broken down into separate phases, the applicant should make separate applications for each phase.

Applications for **multi-year funding** will not be eligible or evaluated.

HOW MUCH CAN I APPLY FOR?

The **minimum** application amount for any grant is \$5,000.

HOW DO I APPLY?

Applications are online. You are encouraged to follow the directions in the *Application Information* section.

WHAT IS THE PUBLIC MEETING PROCESS?

To be eligible for funding all applicants **MUST** present their proposal at a Public Meeting on Monday February 24 (and, if necessary, Tuesday February 25), 2020 – 6:00 - 9:00pm at the Golden Civic Centre. The Public Meeting is your opportunity to present a compelling summary of your project and respond to questions of the Committee and the Public. A schedule of proposal presentation times and date will be announced after the application deadline.

WHEN WILL A DECISION BE MADE?

The Golden Community Initiatives Committee will evaluate project proposals on March 11, 2020. Successful applicants will be informed by the Program Manager once decisions are ratified.

HOW WILL FUNDS BE DISTRIBUTED?

Successful project applications will be subject to a contractual agreement. Not meeting the terms and conditions of this agreement may jeopardize current and future funding to the applicant organization through this program.

Should your application be approved, it is your responsibility to inform the Program Manager of the eventual level of success of any other grant applications you made to other sources. If your project must change significantly because the amount of funds you eventually receive for this project is less or more than planned for, you must inform the Program Manager. These changes, including your project's continued approval status, must be approved by the Program Manager.

Where an applicant is sponsoring an unregistered group or private sector proposal, the funds will be paid to the eligible applicant.

WHAT ARE THE REPORTING REQUIREMENTS?

All successful projects must be complete and the Final Report received by Monday January 4, 2021.

If successful in attaining Trust funds, you must spend funds and prepare project reports according to Section D – Project Budget Information and the terms of the contractual agreement. You must provide copies of invoices/receipts with your final report to verify how you spent CBT funds.

The Trust (through the Town of Golden) maintains the right to audit projects at any time.

A proponent with an outstanding or incomplete Project Financial Report is not eligible to submit a proposal in the future until the outstanding or incomplete Project Financial Report is submitted to and approved by the Town of Golden.

APPLICATION INFORMATION AND INSTRUCTIONS

USING THE ONLINE APPLICATION FORM

The Trust's online application system allows you to apply to various programs offered by the Trust. You will need to create an account to access application forms, save drafts and submit completed forms. Here are some tips for using the system:

- When logged in you can only work on one draft application per program. You must submit an application before you can begin another application within that specific program. Submitted applications can be edited up until the deadline.
- Drafts and submissions can be viewed once you have logged in.
- To ensure that your edits are saved, click the **Save Draft** button at the bottom of each page often, especially before navigating away from the page.
- **DO NOT CLICK YOUR BROWSERS BACK BUTTON**: your application form will not auto-save and you will lose your work. However, the application form will auto-save when you click the **Next** and **Previous** buttons to navigate between pages.

- Keep your entries precise and clear. It is important to note that space in some sections is limited. Space allotment is identified in each section.
- You may only upload supporting documents that are either .PDF or picture formats (JPG, GIF, PNG, BMP). More information is found in the section for Supporting Documents.
- You have the option to use a worksheet to prepare your application entries and/or collaborate with others involved in your project. The worksheet is a Word document and will not be accepted as your application to the program. All of the questions you will be asked on the online application form are included on this worksheet.

Issue Areas of Focus

The Community Funds Local Selection Committee (CFLSC) will use the 2017 Golden & Area A's Vital Signs Report for guidance – where 511 survey respondents evaluated the performance of 13 issue areas, which impact our residents' quality of life. A steering committee collected further research to help inform our citizens and decision-makers how our community is performing and provided guidance on ways to take action. It is strongly suggested that grant applicants review this Report and ensure that their project and application addresses improvements in one or more issue areas.

Referencing this Report and others ([Town of Golden's Official Community Plan](#), [Community Profile](#), [Census Profile](#), etc.) is also encouraged when developing projects and completing the application.

Indicate your anticipated project milestones.

List the key milestones in your project.

PROJECT CASH BUDGET

List specific budget items under each heading to identify your expenses that you require cash for. Round up values to the nearest dollar. Click the **+Add** button to add another row. Do not include any items that will be provided to the project as in-kind contributions - there is a space to enter these further down.

Budgets that contain excessive rates or unreasonable purchases will not be considered and may jeopardize project approval.

Administration

Examples would include overhead costs to deliver the project such as office expenses and supplies and administrative wages.

Contract Fees and/or Staff Wages

Each line item should include the position's title and the hourly rate multiplied by the number of hours for the whole period of the project for which you are requesting funding, if applicable. Do not include administration wages (see above).

Capital Purchases, Equipment Rental and Project Supplies

Capital purchases, equipment rentals or project supplies are eligible as long as they are necessary to the project and the costs are reasonable. Capital and equipment purchases need to be justified to be eligible for funding.

If your organization currently owns the equipment required to undertake the project, we are not able to fund the cost of renting this equipment. However, rental costs may be eligible if your organization has to rent the equipment from another organization.

Other Costs (be specific)

If there are other project-specific costs that are not included elsewhere, you may add them into this section with a specific line item description. Include items like advertising, brochure printing and distribution costs. Eligible travel expenses include mileage and any necessary accommodation specific to your project.

CASH REVENUE SOURCES

We recommend that your organization seeks cash funding from a variety of sources. Projects that have secured multiple funding sources often demonstrate wide-ranging support and may be prioritized for funding.

The Trust has a directory of grants that may be applicable to your work which can be found in the resource section of the Trust's Non-profit Advisors Program (ourtrust.org/nonprofit).

Source

The first revenue line will auto-populate with your Total Requested from CIP/AAP. In the lines below, identify your other sources for cash revenue. This may include sources such as other grants, cash donations, or workshop registration fees. Click the +Add button to add another row.

Confirmed (Y/N)

Indicate whether or not the contribution is confirmed at the time you submit the application. If the funder has confirmed that they will be committing resources to your project, you will select *yes*. If you have applied for funding, but have not yet heard back, you will select *no*.

Amount

Indicate the dollar amount you will receive from each cash-funding source. The form will automatically calculate subtotals for you.

Total Project Cash Budget and Total Cash Revenue Project Budget

These boxes will auto-fill. *Total Project Revenue* must equal *Total Project Budget* to show you have enough funds to complete your project. If the numbers are not equal, recheck your entries as the form adds them automatically.

IN-KIND SOURCES & CONTRIBUTIONS

Describe what contributions are being made to the project other than cash. In-kind contributions are goods or services donated to your project from another organization or individual that you would have otherwise had to pay for.
